Skills Summary

- Languages:** C++, C , JavaScript
- Frameworks:** HTML and CSS
- Tools/Platforms:** SQL
- Soft Skills:** Time Management, Dedication, Curiosity, Negotiation Skills

Projects

Coffee Shop Website

Aug'24

- Designed and developed a website for a coffee shop to create a strong online presence and improve customer interaction. Added a photo gallery to highlight the coffee shop's ambiance, special beverages, and food offerings.
- The website showcased the full menu, including detailed descriptions and prices, making it easy for customers to explore options.
- Used HTML, CSS, and JAVASCRIPT to create a clean, visually appealing, responsive design.
- Domain: Web development.

Clothing Website

Feb'24

- Created a responsive clothing website to deliver a smooth and engaging shopping experience. Added an interactive map to help locate nearby stores or events—integrated video content to showcase product highlights, style tips, and seasonal collections.
- Seasonal updates were added to display new collections and keep the website visually fresh and trendy.
- Used HTML and CSS to design a visually appealing and functional platform.
- Domain: Web development.

Travelling Website

Nov'23

- Developed a travel website to make trip planning effortless for users. Designed a travel website to simplify trip planning for users. Here, I use the features to explore a destination. Created a reliable tool for adventure seekers, relaxation enthusiasts, and cultural explorers.
- Used HTML and CSS to build the website, focusing on a clean and attractive design.
- Domain: Web development.

Achievements

Community Development Project (Aash child development)

June '24

Contributed to the Aash Child Development Project, which focuses on empowering underprivileged children through educational programs, skill development, and promoting emotional well-being. Responsibilities included organizing workshops, coordinating resources, and fostering community involvement to support holistic child development.
